

Flex Plan

Dear Camper,

Thank you for reviewing this document that explains the Flex Plan. This plan offers significant discounts from our regular prices and lets you purchase as few as 7 nights up front and use them with a great deal of flexibility throughout the current camping season. All Flex Plan funds are non-transferrable (e.g. to another person or entity) and must be used in the camping season in which they are purchased. They cannot be carried over to future seasons. They expire on the last day of the camping season in which they are purchased.

If you have any questions about this document, please call us at 610-913-8658.

Happy camping!

Sincerely,

John Daly

Flex Plan

Overview

As its name implies, this plan is intended to provide you with a great deal of **Flexibility** in how you use the nights you have purchased. You may purchase between 7 and 20 nights upfront. The more nights you purchase, the higher the discount per night. Each reservation that you make must be at least 2 consecutive nights or 3 to 4 nights on some holiday weekends. You can use your nights during the week, on weekends and even holidays. It doesn't matter. The price per night will be the same.

The plan:

- provides substantial discounts over our regular rates;
- does not charge additional costs for any holiday nights;
- can be started with a minimum purchase of 7 nights. The more nights you purchase, the bigger the discounts.

Enter Information	
# of Nights:	10
Site Type:	WED
# of Adults:	2
# of Children:	2
Total Plan Price	\$473.80
Total Plan Price Per Night	\$47.38

of Nights Purchased.

There are four different site types. They are explained on the next page.

of Adults in each reservation.

of Children in each reservation.

Total Plan Price to be paid in full up front.

This is the per-night price of the plan.

Below is a chart that compares the above Flex Plan per-night price of \$47.38 against the regular prices for weeknights, weekend nights and holiday nights.

Below are the regular, non-plan per night prices for the site type and number of adults and children you have selected.			
Site Type	Weeknights	Weekend Nights	Holiday Nights
WED	\$52.00	\$54.00	\$67.00

Once you purchase a Flex Plan, the Total Plan Price Per Night (sample above), will be your "lock in" price for the season. If you decide to purchase additional nights after your initial purchase, each one will be at that price. The total number of Flex Plan nights that can be purchased is 20. The Total Plan Price (sample above), will be due up-front, whether or not you have made any reservations at that time.

Flex Plan

There are four different site type options from which to choose.

Site Type	Definition	Description
WE	Water and Electric	<p>Water and Electric only. This site type can be used for those with:</p> <ul style="list-style-type: none"> • pop-ups without holding tanks. • motorhomes that will be leaving the campground frequently and use the disposal station. • RVs that do not require emptying of their holding tanks for six or more nights. If an onsite disposal service (honey wagon) is needed, the cost is \$10.00.
WED	Water, Electric and included Onsite Disposal Service	<p>For our onsite wastewater disposal service (aka – Virtual Full Hookup), we put each customer on a customized schedule that works best for them.</p> <p>The schedule works like this:</p> <ul style="list-style-type: none"> • Sunday morning - gray, black, both or none • Tuesday afternoon - gray, black, both or none (We try to pull all black water on this day because our waste water is picked up Thursday morning, but it's up to you.) • Thursday afternoon - gray, black, both or none • Saturday afternoon - gray or none. <p>Please note: Depending on the type and/or length of your stay, you may be limited to the number of times per week this service is provided. Additional charges will apply for more than allotted for your stay.</p>
WEN	Full Hookup (WES) if available. WED (above) if not available.	<p>This is basically an insurance policy for a Full Hookup site. If there is one available that meets your needs for any of your stays, you get it for the WEN price instead of the WES (Full Hookup) price. This is really the best option to take if you prefer full hookup sites but will take a WED site if no full hookup site is available. This Site Type can only be used if you have paid for your plan in full but have not yet booked at least half of the nights in your original plan.</p>
WES	Water, Electric and onsite sewer connection.	<p>Water, Electric and onsite sewer connection. This site type is very limited. The WED options works very well for most situations, and it costs less.</p>
