

# Getaway Plan

Dear Camper,

Thank you for reviewing this document that explains the Getaway Plan. This plan offers significant discounts from our regular prices and is intended for people who wish to spend 7 to 28 consecutive nights at the campground. This plan assumes that you will be staying at the campground every, or almost every, night of your reservation. Because of the significant discounts offered in the Getaway Plan, payment in full will be due at the time you choose your plan and make your reservation. All Getaway Plan funds are non-transferrable (e.g. to another person or entity) and must be used in the camping season in which they are purchased. They cannot be carried over to future seasons. They expire on the last day of the camping season in which they are purchased.

If you have any questions about this document, please call us at 610-913-8658.

Happy camping!

Sincerely,

John Daly  
President – Cloud Nine Resorts, Inc.  
DBA – Warwick Woods Campground

**Disclaimer:** The prices, discounts and examples in this document have been tested and should give you accurate pricing for the Getaway Plan used in the example on the following pages. # Getaway Plan

## Overview

The Getaway plan is simple and straightforward. It is intended to accommodate those of you who are looking to stay 7 to 28 consecutive nights at the campground.

The plan:

- provides substantial discounts over our regular rates;
- does not charge additional costs for any holiday nights;
- can be started with a minimum of 7 consecutive nights. The more nights you purchase, the bigger the discounts.

This shows the comparison between the plan price per night and the regular prices per night.

Week Nights	\$52.00
Weekend Nights	\$54.00
Holiday Nights	\$57.00

# Getaway Plan

There are three different site types from which to choose.

Site Type	Definition	Description
WE	Water and Electric	<p>Water and Electric only. This site type can be used for those with:</p> <ul style="list-style-type: none"> <li>• pop-ups without holding tanks.</li> <li>• motorhomes that will be leaving the campground frequently and use the disposal station.</li> <li>• RVs that do not require emptying of their holding tanks for six or more nights. If an onsite disposal service (honey wagon) is needed, the cost is \$10.00.</li> </ul>
WED	Water, Electric and included Onsite Disposal Service	<p>For our onsite wastewater disposal service (aka – Virtual Full Hookup), we put each customer on a customized schedule that works best for them.</p> <p>The schedule works like this:</p> <ul style="list-style-type: none"> <li>• Sunday morning - gray, black, both or none</li> <li>• Tuesday afternoon - gray, black, both or none (We try to pull all black water on this day because our waste water is picked up Thursday morning, but it's up to you.)</li> <li>• Thursday afternoon - gray, black, both or none</li> <li>• Saturday afternoon - gray or none.</li> </ul> <p>Please note: Depending on the type and/or length of your stay, you may be limited to the number of times per week this service is provided. Additional charges will apply for more than allotted for your stay.</p>
WES	Water, Electric and onsite sewer connection.	<p>Water, Electric and onsite sewer connection. This site type is very limited. The WED options works very well for most situations, and it costs less.</p>
